

0.53x Karlsonator for 2 TC9FD

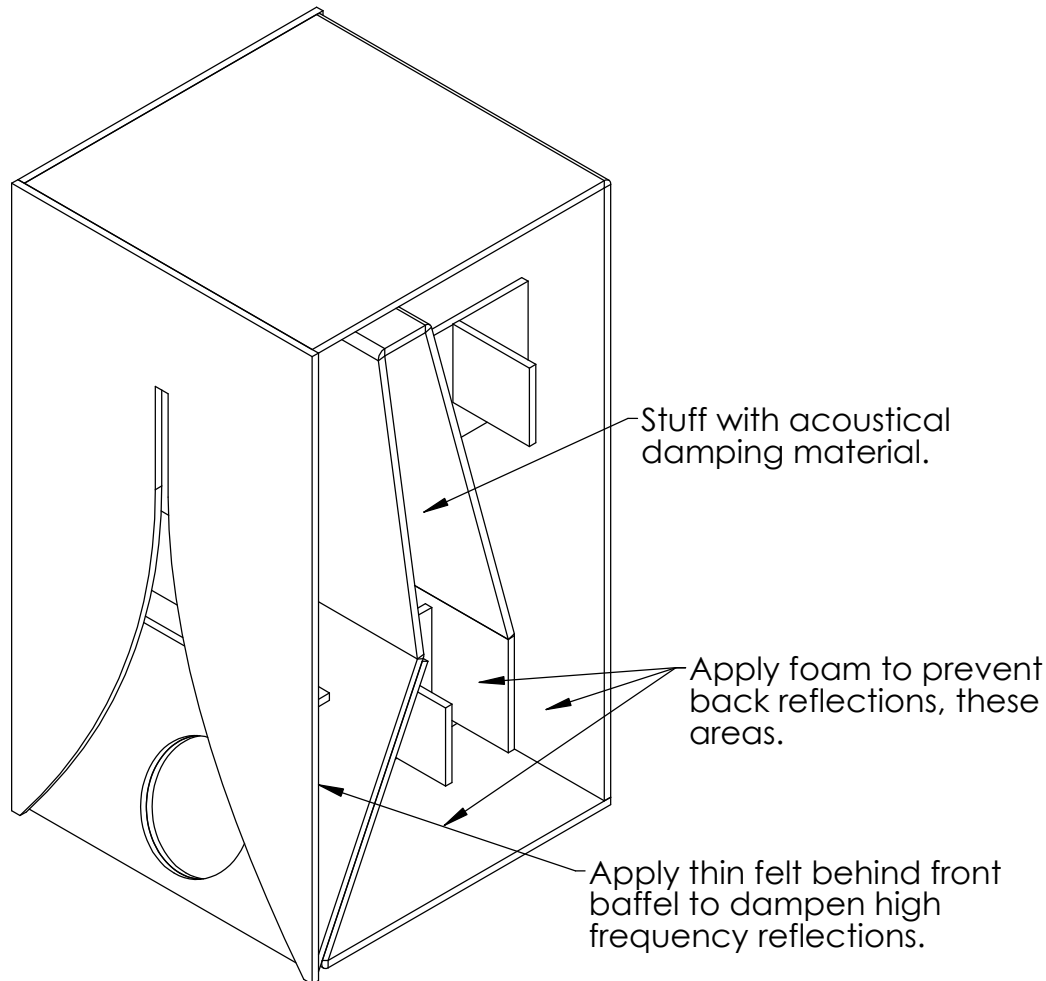

Made from foamboard, score and fold technique

Original Karlsonator design by GregB

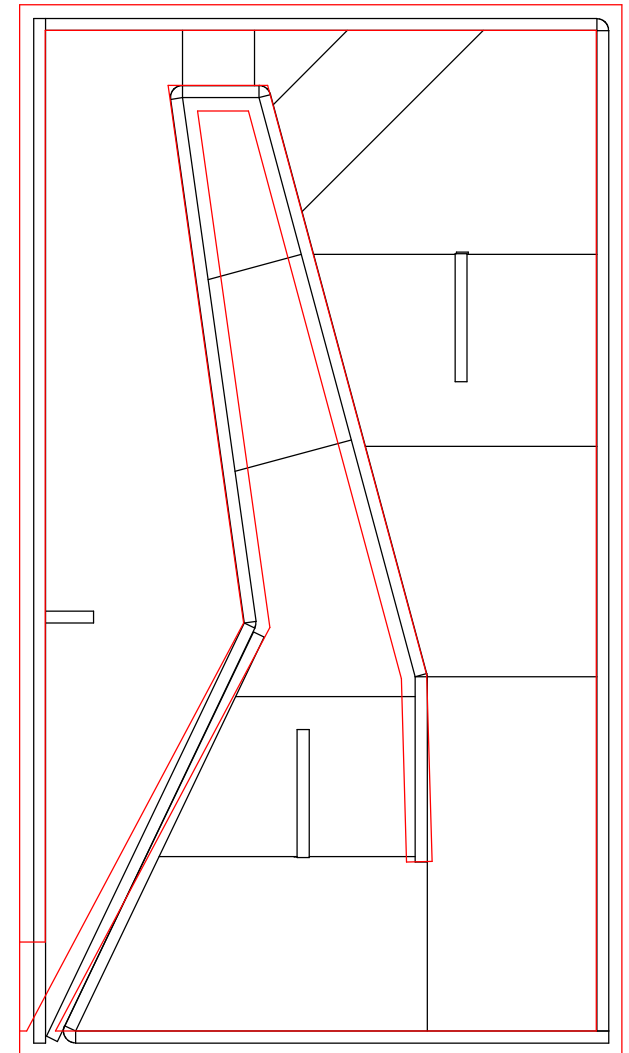

Design by xrk971

Drawn by MuddJester for diyAudio.com

To fold enclosure pieces, cut paper on one side at score lines, then fold toward cut.

Enclosure assembly shown without side wall for clarity

Design Scaling

Enclosure internal detail shown on top of 0.53x scaled original Karlsonator (in red)
